

Timber Venetians

PREMIUM NATURAL TIMBER + VISIONWOOD VENETIANS

Natural Timber Venetians: Blinds by Peter Meyer manufactures Australia's finest custom made natural timber venetian blinds. We use only the highest quality timbers throughout our range. Our specially selected 4.2mm thick blades which we Custom paint, stain or lacquer in our own paint booths, where we are able to control every stage of production to guarantee the best possible end product for you. Assembly is by hand, with every slat being meticulously checked at every stage of the process.

Visionwood Venetians: Blinds by Peter Meyer has developed their Visionwood Venetians range using the latest cutting edge co-extrusion technology. Also known as Faux Wood, our Visionwood blinds are a very popular choice where the look, style and functionality of timber venetians is required, but where durability and budget constraints are also an important consideration.

Custom Paint

30 years experience with custom paint, stains & finishes. Specialist colour matching.
